Subject: **Material Information**

Dear Sir,

In accordance with Section 96 of the Securities Act, 2015 and Clause 5.6.1(a) of PSX Regulations, we hereby convey the following information:

on May 14th, 2023, an article titled "Pakistan to Export Boiled Meat to China" was published on <https://augaf.com/pakistan-to-export-boiled-meat-to-china/>. In the article, it was mentioned that three processing plants, Fauji, Tata, and Green, had been approved by the concerned Chinese authorities. The article also stated that the said plants had a good reputation and capacity. We would like to issue a correction to the above-mentioned information. In fact, three companies have been proposed by the Ministry of National Food Security and Research to the Chinese ministry Tata, Fauji, and The Organic Meat Company Limited. The article writer's research reflected the in-correct picture of the under-approval companies for the subject matter by the concerned Chinese authorities. Therefore, it is necessary to update the TRE certificate holders and the investors about the correction in the above-mentioned in-correct information.

Yours Sincerely,
